

(CIA LETTERHEAD)

19 November 1973

STATOTHR

Thank you for your letter of 12 November 1973 inquiring about opportunities for employment with this Agency.

There are no positions available in geographic research at the present time, and I see no possibility of any opening up this year. Your qualifications may be of interest to other CIA components, however, and I have taken the liberty of routing your letter and résumé to them.

Sincerely,

STATINTL

Deputy Director
Basic and Geographic Intelligence
